Subject: Openreach Diversions - Llanddewi Velfrey to Penblewin Improvement and de-trunking Order
Importance: High

Good Morning

Many Thanks for the information pack reference the A40 Llanddewi Velfrey to Penblewin Improvement works which I received yesterday.

The attached letter asks us to provide our observations for the scheme.

I have previously looked at this scheme and provided a C3 Estimate costings on the 16th of October 2018. These costings were sent to [redacted] from ARUP whom requested the C3 costings. His details are [redacted]

The costings were an estimated but the C3 costings contained a survey fee for us to survey the whole route for a Detailed client estimate for the works (C4).

To date we have had no further correspondence from our C3 estimate.

Please feel free to contact me on my details below if you would like to discuss further

Many Thanks

We build and maintain the digital network that enables more than 600 providers to deliver broadband to homes, hospitals, schools and businesses large and small. Our engineers work in every community, every day, because we believe everyone deserves decent and reliable broadband.
