Proposed A40 Llanddewi Velfrey to Penblewin Improvements

I am writing in connection with the above to object to the proposed improvements.

As a business owner based on this road, I believe it would have the upmost detrimental impact on my business that I have had for sixteen years come March 1st 2020.

The new proposed route would take all the traffic away from the Service Station rendering it with no passing trade. This would then have a knock on effect for the local community who walk to us to collect their shopping, pension and bank via our Post Office as without the passing traffic we would have no option but to close as our business would not be able to sustain the drop in sales and turnover.

The road is free running and has had no fatalities and in my eyes is a complete waste of the tax payers' money of which I am one.

Yours faithfully

Jeff Jenkins
