Subject: [External] A40 Llanddewi Velfrey to Penblewin Improvements

For the attention of Martin Gallimore

Dear Mr Gallimore,

I am writing to **strongly** support the proposed bypass for the following reasons:-

The high volume of traffic on the current A40 and its associated noise and pollution has a bad effect on local residents.

Also as a lot of this traffic is heavy goods vehicles, this only exacerbates the problems.

The fact that the current A40 cuts the village in two which impacts on village life and makes it difficult to cross the road.

The footpaths are very narrow and we don't feel safe walking our dog along them, especially as a lot of the traffic is going at excessive speed.

The bypass has been talked about, planned and delayed for over 10 years and it is about time it actually happened.

As our house backs directly onto the A40 we feel the adverse effects of this road particularly acutely.

Yours sincerely

Steve and Joy Pountney
