**Subject:** A40 Llanddewi Velfrey By pass

We wish to confirm that we support the plans for the proposed New by-pass at Llanddewi Velfrey.

On the following grounds

Road Safety for residents.

Being a resident of Llanddewi Velfrey, we are too frightened to use the Llanddewi Velfrey garage for supplies due to the width of the pavements and speed of the Vehicles. This being the only shop in the village, one is always having to travel.

The other day, we were travelling behind a rigid HGV, from Llanddewi Velfrey to Carmarthen and as we came alongside Ivy Cottage, the HGV in front of us suddenly braked and locked up, in order to avoid another HGV travelling towards him. This was at the same area where a HGV left the road and ended up in a field several months ago.

This road is a death trap, and a by pass is required with some urgency.

It is a shame that having attended all public meetings regarding this in the Village Hall, that residents were not made fully aware that they had to email to show their support of the By-pass.

Mrs L.J.Kramer
