Subject: A40 bypass Llanddewi Velfrey

Dear Ms Smith

As a resident of Llanddewi Velfrey I wholeheartedly support the construction of a bypass.

Firstly and most pressing, the road is incredibly dangerous. My daughter has just started secondary school and has to cross the A40 to get to the bus stop. It's very dangerous with huge lorries speeding by and a stream of endless cars. Why children also like to visit the garage shop, walking along the narrow pavement feels life threatening. To access the village park we also have to cross.

Secondly the volume of traffic is appalling. As we live on the _____, we sometimes wait a ridiculously long time just to leave the junction to join the A40.

Residents need the bypass.

Tim Evans
