**Subject:** Llanddewi Velfrey bypass

Good evening,

On behalf of Llanddewi Velfrey Community Council I would like to state that this Council is in favour of the proposed bypass going ahead. This is a decision made as a result of the indepth discussions that have been held with representatives of Welsh Government and the various contractors over several years, and after campaigning for a bypass for many years before that.

We have consulted a large number of residents over the years, including more recently on the latest iteration of the plans, and feel that we as a Council do honestly represent their views in this clear support for the bypass to go ahead.

Regards,

Vicky Mitchell  
Clerk - Llanddewi Velfrey Community Council
