Subject: Llanddewi velfrey bypass

Dear Tracey,

I am writing this to confirm my full support for the Llanddewi velfrey bypass. I live at _____, by the _____ in the village and can't wait for this bypass to happen.

I currently have 2 children in secondary school who have to cross the main road and this is always a long, risky process due to the speed and volume of traffic. They have to stand back on the grass when waiting to cross due to the speed of the lorries passing and when walking on the pavement, as they are so narrow, the majority of the lorries wing mirrors over hang the pavement close to hitting them.

This bypass is long overdue.

Thank you

Rebecca Cusden
